Dear Mr K. Davies,

2026 Duly Made Holding Response on status of application – Cremation of Human Remains
Pollution Prevention and Control Regulations 2000
Environmental Permitting (England & Wales) Regulations 2016
PG 5/2 (25) - Statutory Guidance for the Cremation of Human Remains
Site – Aum Crematorium, The Lea, Western Avenue, Denham, Uxbridge Middlesex UB9 4NA

On behalf of the Regulator (Buckinghamshire Council), I write to confirm receipt of your application for an environmental permit to operate a Crematorium at **Aum Crematorium, The Lea, Western Avenue, Denham, Uxbridge Middlesex UB9 4NA Buckinghamshire under Part B of the Environmental Permitting (England & Wales) Regulations 2016.**

We note comments regarding site handover from the developer and the outstanding supporting documents required to enable full confirmation of the duly made status. Examples include, but not restricted to the following:

- 1.) Emissions points and gas storage location
- 2.) Letter of Authority
- 3.) Aum Process Descriptions (Operating techniques)
- 4.) Air Quality Assessment
- 5.) Fire Evacuation Risk Assessment
- 6.) Sample Commissioning Report
- 7.) Training and competency details for new staff.

Also outstanding is confirmation of payment of the permit application fee of £1650.00, which is required to clear. The clearance of payment will trigger the commencement of the 10-working day rule, stipulated in guidance. I have requested for an invoice to be generated and forwarded to you asap. The 10-working day rule is on holding pending payment confirmation. It is our practice to share a draft/"minded to" permit with timelines for a 'go-live' date. Once payment is confirmed and we are in a position to issue Duly Made confirmation. We shall ensure a draft copy of a permit will accompany the duly made confirmation for comment.

Finally, if you have any queries regarding the contents/comments in this letter, please do not hesitate to contact me on 01895837361.

Yours sincerely

Olusegun Sokoya
