Press **Continue** to progress to the next section.

Section 3:

About the landowner

All fields are required unless indicated as optional.

Are you the landowner?

- ☐ Yes
- ☒ No

Please Select **NO** to this question, to be prompted to enter your details as the landowner.

Landowner details

The Woodland Trust will use this data to contact the landowner about their Woodland Trust tree planting application and to provide ongoing tree maintenance advice.

We will only share their details with third parties involved

Please complete **using your contact details.**

Landowner address

Funding offers vary depending on your region so we use your address to ensure that you receive the most accurate information for your area. It also helps us to manage your application and give you the best advice.

Select a previously entered address or use the address finder to find and select an address.

- ☐ Same as applicant address
- ☒ Use a different address

UK postcode

Find address

Please Select:
USE A DIFFERENT ADDRESS
to be prompted to enter your own address as the landowner.

Please complete **using your postcode and address details.**

Section 4:

About the application

All fields are required unless indicated as optional.

Application on behalf of?

- ☒ Landowner
- ☐ Organisation

Back

Continue

Please Select
LANDOWNER, then
Select **Continue**.

Section 5: Please enter the PLANTING LOCATION or use the map to select location by moving until location is within the red circle.

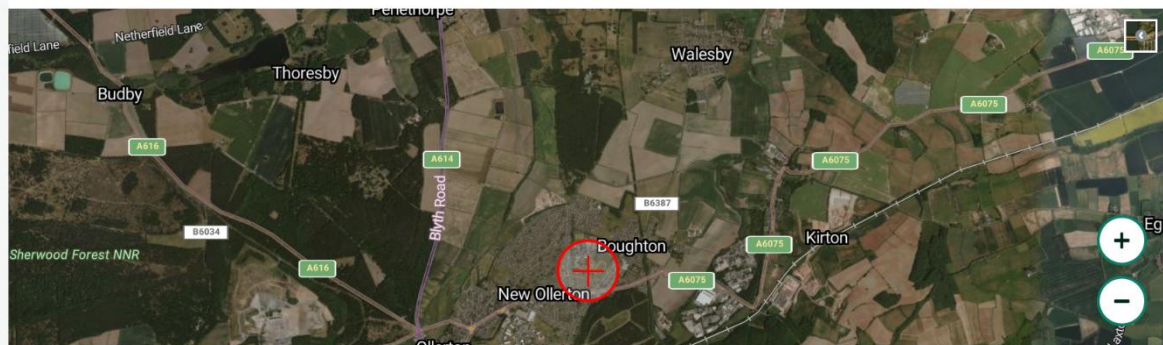

Planting location

Enter your planting grid reference below or search and drag the map to your planting location.

Grid reference (optional)

e.g. SK 66946 68221

Search by street, town or postcode

Select **Continue**

Section 6:

Landowner to complete site related questions.

Planting area maps

In order for us to consider your scheme you must send us a map of the area(s) you are considering to plant - unfortunately we won't be able to process your application until these are received.

Please send two maps:

One of the wider area and a larger scale map indicating the area that you would like to plant. These should have the woodland planting area(s) clearly marked. This will enable us to assess your eligibility for funding. The plan doesn't need to be definitive at this stage, but it is useful for our advisors to have before visiting the site in person.

Please refer to our [MOREwoods site plan guide](#) for more details and simple instructions on how to create a map.

Please attach/send any maps you have that demonstrate your land responsibility and the planting area(s) within the site.

Select **Confirm**

Send your maps

Section 7: Landowner to complete

Section 8: Landowner to Submit
